# Supplies:

- Double sided adhesive
- Memory tray
- Christmas themed ATCs
- Various number and letter stickers
- Coordinating embellishments to go along with lyrics

**1.** Plan the placement of your ATC cards, but don't adhere the cards to the memory tray yet. You'll do that in a later step.

**2.**

Add the numbers; you can use the number and alphabet stickers. Vary the technique from card to card to add interest to your design.

3. Illustrate the "The Twelve Days of Christmas" with assorted embellishments. **Example:** Doves for "two turtle doves." Add the coordinating lyrics to the cards using assorted alphabet stickers.

4. Apply double-sided adhesive to the back of each card.

5. Press each card firmly into the tray.

Display your  
beautiful project,  
and start counting  
down the days 'til  
Christmas.
