Supplies

- Wide-link chain
- Leather cording
- Assorted beads
- Jewelry wire
- Crimp ends/crimp beads
- Jump rings – 6mm and 10mm
- Toggle clasp
- Crimp tool
- Wire cutters
- Jewelry pliers
- Ruler
- Scissors

1. Loop leather cording through last link on one end of chain. Remove ring from crimp end, and crimp cording to secure, as shown. Repeat on other end of chain.

2. Crimp loose ends of leather cording, leaving crimp-end rings intact.

3. Bead six strands of jewelry wire as follows: Add crimp bead and 6mm jump ring to one end of wire, slide on beads, and finish with crimp bead and jump ring on other end.

4. Connect beaded strands to chain with 10mm jump rings—you'll attach three strands to each end.

5. Connect loose ends of beaded strands to toggle clasp with 10mm jump rings, as shown.
