

Jute

GETS COZY

Easy-to-achieve, natural
home decor at its loveliest.

No-Sew Rope Basket

{CREATIVE INSPIRATIONS *free* FROM HOBBY LOBBY®}

SUPPLIES

HERE'S HOW TO MAKE IT:

Cut foam board for your base—it helps to stack two pieces together for stability. Then, starting in the middle, coil the rope and secure it with hot glue as you go. Once you reach the edge, coil upwards, stacking the rope to build up the sides as high as you like. Done!
