

DIY KIDS FACE MASK

ACTUAL SIZE

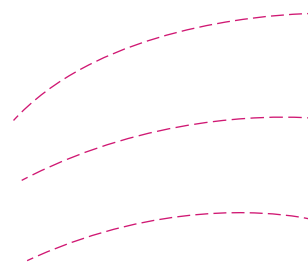

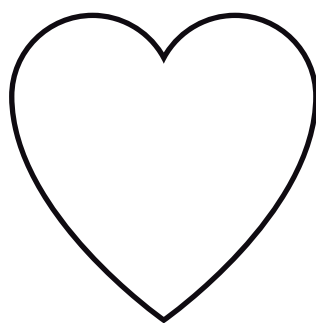

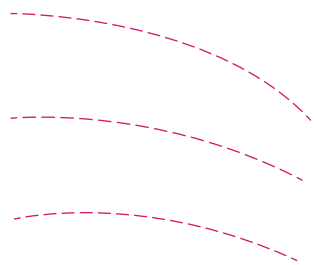

FELT
STITCH

1. Cut fabric as follows:
For **main fabric**, measure from ear to ear and add 1". Measure from bridge of nose to bottom of chin and add 1". Cut two pieces of your measured size.
For **interfacing**, cut one piece of your measured size.
For **elastic cording**, cut two 9" pieces, or adjust length as desired.
2. Using template, cut nose from felt. Trace nose onto fusible web and cut out. Iron onto back of felt template.
3. Iron interfacing onto back of one main fabric piece.
4. With disappearing fabric marker, trace or draw design onto front of main fabric piece, with interfacing on back. Embroider design.
